

# SPEC SHEET

Description:	Ryleigh Dining Chair	Model Number:	HC5120-D	COM YDS:	2
Width:	23 3/4	Seat Depth:	19 3/4	Seat:	1
Depth:	24	Seat Height:	18 1/2	Inside Back:	.5
Height:	29 3/4	Arm Height:	25 1/2	Outside Back:	.5
Seat Width:	20 3/4	Weight:	19 lbs.		

Frame:	Frame is constructed from solid European Beech. Mortise & tenon joinery provides long-lasting durability. Tongue and groove corner block system where legs meet seat rails for added strength. Joints are re-enforced with glue and heavy-duty wood screws. Frames are hand-sanded prior to finishing for a superior look and feel.
Seat Deck:	Sheet webbing applied directly to frame.
Seat Cushion:	Tight seat comprised of 1.8 density 50 lb. foam with Dacron fiber.
Back Cushion:	Tight Back
Glides:	Teflon (standard), metal (optional) and felt (optional) - Contact flooring manufacturer for glide recommendations.
Casters:	Available with 2 front casters only.
Finish:	8-step process that transforms the raw wood into a visually stunning piece that is highly durable and ready for years of use. Based on crosslinking urethane resins, the coating forms an incredibly tough and chemically resistant film that outperforms catalyzed solvent finishes without any of the environmental drawbacks. See website for color options and guidance on cleaning and disinfecting wood finish.
Warranty:	Frame, Foam & Deck Materials – 5 Years Casters – 2 Years
